

Puff® Rocker

This chair Rocks!

The Puff® Rocker Chair has the same superior comfort as the original Puff® Scroll Chair but with a gentle rocking action. Its cushion is made of a pillow like foam which will make you feel like you are sitting on a cloud. The simple metal rocker frame and wide selection of textures, colors and patterns of the Puff® Rocker Chair make it the perfect chair for any room in your home, dorm or business.

Not only is this chair super comfortable, it is also extremely convenient. The cushion can be slipped off the frame and the cover removes from the insert for easy cleaning. Ready for a change? We have a full selection of Puff® Chair Cushions to give you a whole new look without the expense of buying a whole new chair.

As if this wasn't enough, the frame easily assembles and disassembles with 2 bolts for simple portability and comes to your home via FedEx.

Instruction Sheet / Scroll & Rocker Chair

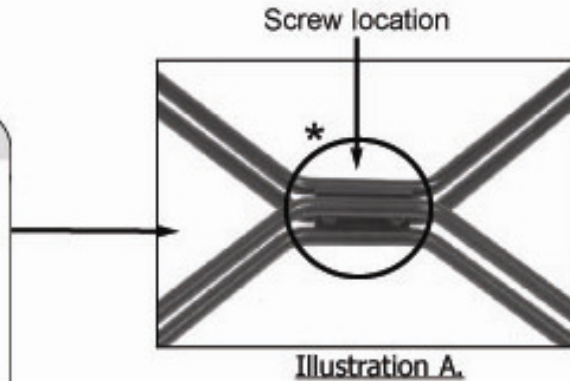

Checklist of Included Items for Assembly:

1. Frame. Front (Small) & Back (Large).
2. Puff Seat.
3. Screws (2), Lock Nuts (2) & Hex Key (1)
4. Pliers (not provided)

Step 1

Attach the front of the frame to the back of the frame with the two screws and nuts provided. Hold lock nuts with pliers while tightening with the Hex Key.

***Make sure both screws are fully secured so that there is no gap between the area circled in Illustration A.**

Step 2

In order to properly assemble the seat, the pockets on the long end of the cushion should be placed on the long legs of the frame first. Then place the legs into the two front pockets. See Illustration B.

***Make sure all four legs are placed in the pockets before you begin to use your Puff™ Chair.**

Care

The **Puff™ Chair** seat is made with a concealed zipper so that the padding insert can be removed before cleaning your cover. See Illustration C. Refer to the care instructions for the proper cleaning method of your cover.

***The method of care depends on the style cover you own. Please follow the instructions on the tag.**
